## Getting started

Connect the Power supply cable to the port shown and if Using Ethernet or PSTN, please connect the cables to the Ports shown

Once the Base is connected, place the terminal in the charging base and allow the device to power up. This will take approximately 2 minutes.

The Mobile Network and Signal Strength will be indicated on the top right-hand corner of the display. The Sim card will attached to the strongest Network by default, depending on the signal strength in the area.

To confirm your terminal is connected and ready to accept Payments, perform a **connection test using the following steps:**

- 1.Press the Menu Button
- 2.Select option "Connection Test".
- 3.Terminal Will Print a receipt with "Connection OK" printed near the top.
- 4.Your terminal is now ready to use.

Please consult your Quick reference guide provided for instructions on performing transactions.
